FREE CHEAT SHEET · VA 101 EP 32

Trello, Asana and ClickUp for VAs

Clients use different tools, but the idea is the same: every task has an owner, a due date and a status.

	Trello	Asana	ClickUp
Looks like	Boards and cards	Lists, boards, timeline	Lists, boards, docs, everything
Easy to learn	Easiest	Medium	Most features
Common with	Small businesses	Agencies, teams	Agencies, tech teams
Free plan	Yes	Yes	Yes

Words you will see

- ☐ Task or card: one piece of work
- ☐ Assignee: who does it
- ☐ Due date: when it is due
- ☐ Subtask or checklist: small steps inside a task
- ☐ Status or list: To Do, Doing, Waiting on client, Done
- ☐ Comment and @mention: how you update people

Free plans and features change. Check each tool's pricing page.

HABITS · VA 101 EP 32

How to update tasks like a pro

Clients should never have to ask "what is the status?".

Daily habits

- ☐ Move cards when the status changes, right away
- ☐ Comment on the task, not only in chat
- ☐ Tick subtasks as you go
- ☐ Put blockers in "Waiting on client" with what you need
- ☐ Set or ask for a due date on every task

TASK UPDATE COMMENT

Update: 3 of 4 labels done. Filters next, finishing today by 5 PM your time.
Blocker: none.

WAITING ON CLIENT COMMENT

@Sarah I need the Facebook Page login to start. Could you share it in the password manager? I will start right after.

Board you can copy

- ☐ To Do
- ☐ Doing (max 3 at a time)
- ☐ Waiting on client
- ☐ Done this week
